Ms. Carson,

Thanks for your email.

In response to Question 1, we are working with Brunswick Community College ("BCC") to ensure compliance with the 1025 hour mandate. Subject to safety and security concerns, each juvenile will have access to the instruction.

In response to Question 2, we are, again, working with BCC, to implement a 100-hour re-entry prerelease program for juveniles that have completed the GED/HiSet program.

Please let me know if you any additional questions.

Best,

**Glenn E. Emery, Staff Attorney**
